

would like to invite you to a workshop on

# Heart Failure and End of Life Care

to coincide with European Heart Failure Awareness Day

on

**Friday 6<sup>th</sup> May from 12.30-4.30pm**

**The Village Hotel, Walsall**

*“Heart disease remains the second biggest killer in England... progression of heart failure is variable and unpredictable, the population often have multiple and complex needs” (End of life care in heart failure: a framework for implementation)*

## **What are the aims of the workshop?**

- To raise awareness of Heart Failure, recent guidelines and local resources
- To raise awareness of specific issues relating to end of life care for heart failure patients, e.g. prognostic indicators and device management
- To share the resources available to develop knowledge and expertise in Heart Failure and end of life care

## **Why should I attend?**

Health and social care staff working in the community who come into contact with heart failure patients will find this event of interest.

To reserve a place for 6<sup>th</sup> May, please contact Ann Jinks on 0121 465 2967 or at [admin@bsscsn.nhs.uk](mailto:admin@bsscsn.nhs.uk)
