BSH Training Meeting 2011 – Information

This training day has been designed to meet the educational needs of the heart failure component of the core curriculum in cardiovascular medicine, as well as the needs for advanced training in heart failure. It will provide an in-depth discussion around particularly challenging and often controversial management issues that will be relevant to trainees in internal medicine, care of the elderly and GPs. We also believe that the meeting will be of value to many heart failure nurse specialists. Places are limited and will be allocated on a first-come, first-served basis.

The day has been structured to provide a balance of carefully selected talks and interactive case-based sessions.

Dates/Venue

The meeting will take place on Wednesday 9 February 2011, in the Paul Wood Lecture Theatre, Guy Scadding Building, National Heart & Lung Institute, Dovehouse Street, London, SW3 6NP (Tel: 0207 352 8121).
