BHF/HCP joint session: Innovative models of care
Partnership working – ‘caring together’ collaborative working for persons living with and dying from advanced heart failure
My action – model of care
Affiliate groups – your opportunity to meet the BSH, BACPR and BANCC
Closing remarks

Chair: Ms Jenny Hargrave
Ms Yvonne Millerick
Dr Catriona Jennings
Dr Catriona Jennings/Professor Gill Furze/Professor Andrew Clark/Mr David Richley
Ms Catherine Kelly

Wednesday, 4 June 2014

08:30 – 10:00, Charter 2/3
Affiliated Group – BSH: Heart failure with normal ejection fraction
What are HeFNEF/HePEF/diastolic heart failure?
Echocardiographic features of ‘diastolic dysfunction’
Clinical trials to date – what went wrong?
Aldosterone antagonism for HeFNEF – does TOPCAT live up to its name?

Chairs: Professor Theresa McDonagh, Dr Paul Kalra
Professor Andrew Clark
Professor Alan Fraser
Professor John McMurray
Professor John Cleland

15:45 – 17:00, Charter 1
BCS Affiliates – BACPR, BANCC, BSH, CCP, UK
The patient perspective on care. A debate – this house believes that lifestyle advice is futile for people with heart disease – just give them the drugs!
The patient perspective
The patient perspective
In favour of the motion
Against the motion

Chairs: Dr Catriona Jennings, Mr Alan Keys
Ms Priscilla Chandro
Mr Alan Keys
Professor Andrew Clark
Professor David Wood
