

We are delighted to announce that free online access to the *Oxford Textbook of Heart Failure* is available for all BSHF members until 28 February 2017

## Oxford Textbook of Heart Failure

Edited by Theresa A. McDonagh, Roy S. Gardner, Andrew L. Clark, and Henry Dargie

- **Comprehensively covers all aspects of managing a patient with heart failure**
- **Contains full-colour illustrations throughout to aid understanding**
- **Written by an expert faculty of internationally-respected authors**
- **Based on the European curriculum and guidelines for practice**

The *Oxford Textbook of Heart Failure* takes readers from an understanding of the basic mechanisms of heart failure, through to an appreciation of the complexities of heart failure management and the improvements possible with good treatment. Written by internationally renowned leaders in the field, this definitive resource comprehensively covers all aspects that are necessary when managing a patient with heart failure.

The online version contains the full text of the print edition, which can be browsed by the contents list or searched, links from references in the text to external sources (via PubMed, ISI, and CrossRef), and over 300 figures and illustrations that are downloadable into PowerPoint.

Visit <http://www.bshf.org.uk/membership/members-only-login/> for your access to the *Oxford Textbook of Heart Failure* online. Login details will be provided to new members in their membership confirmation letter.
