

BCS Annual Conference 2016

6 – 8 June 2016, Manchester Central
Register now!

HEART FAILURE-RELATED SESSIONS

Monday, 6 June 2016

10:45 – 11:45 *Innovations in Clinical Cardiology: Innovations in heart failure therapy*

Charter 4

Chairs: Iain Squire/Theresa McDonagh

The challenges for novel therapies for heart failure: myosin activators, novel inotropes and beyond

Metabolic substrate modulation for heart failure

Mitochondria as a therapeutic target

Darrel Francis
Michael Frenneaux
John Cleland

11:45 – 12:15 *Innovations in Clinical Cardiology: Heart failure abstracts*

Poster Area (Education Hall)

13:45 – 15:15 *BHF: UK clinical trials in heart failure*

Exchange 8, 9, 10

Chairs: Martin Cowie/Alexander Lyon

BHF clinical trials grants initiative

Ironman: iron replacement therapy in heart failure

REM-HF: remote monitoring driven management of heart failure

New ways of undertaking clinical heart failure studies

Peter Weissberg
Paul Kalra
J M Morgan
John Cleland

15:25 – 15:40 *Hot Topic: Role of British Cardio-Oncology Society in UK cardiology*

Chris Plummer

15:40 – 15:55 *Hot Topic: How to apply cardiac imaging to detect and prevent doxorubicin cardiomyopathy*

Stuart Rosen

16:00 – 17:00 *E4R: New approaches to heart failure therapy*

Auditorium

Chairs: Mamas Mamas/Simon Williams

Role of ventilator therapies in patients with heart failure

Autonomic modulation for heart failure

New pharmacological approaches

Martin Cowie
Roy Gardner
Andrew Clark

Tuesday, 7 June 2016

10:10 – 10:25 *Hot Topic: The role of ambulatory care in acute heart failure Syndromes*

Dargoi Satchi

10:25 – 10:40 *Hot Topic: Palliative care in heart failure*

James Beattie

11:00 – 11:15 *Hot Topic: Diagnosis of LV non-compaction*

Ronak Rajani

11:15 – 11:30 *Hot Topic: Top tips in Takotsubo*

Alexander Lyon

11:30 – 11:45 *Hot Topic: Cardiac amyloidosis*

Carol Whelan

11:45 – 12:00 *Hot Topic: Cardiac sarcoid*

Rakesh Sharma

14:00 – 14:15 *Hot Topic: Management of heart rate in heart failure*

Andrew Clark

14:15 – 14:30 *Hot Topic: Exercise in heart failure; how and why?*

Christi Deaton

15:25 – 15:40 *Hot Topic: Imaging in myocarditis/pericarditis*

Steffen Petersen

15:40 – 15:55 *Hot Topic: Differential diagnosis of hypertrophic cardiomyopathy*

Perry Elliott

Wednesday, 8 June 2016

08:30 – 10:00 AICC, BSH: How to investigate dilated cardiomyopathy

Charter 1

Chairs: Hugh Watkins/Saidi Mohiddin

Aetiology of acquired DCM

Who gets genetic testing and what genes are tested?

Imaging (Echo and MRI)

Role of biopsy and cardiac catheterisation

Andrew Clark
Tessa Homfray
Gerald Carr-White
Owais Dar

BANCC, BACPR, BSH Joint Affiliates Day

Developing models and practice to enhance prediction and prevention

08:55 – 10:00 Service design models

Exchange 8, 9, 10

Chairs: Aynsley Cowie/Sally Hinton

Welcome from BANCC, BSH and BACPR

Jacqueline Hunt/Jayne Masters/Joseph Mills

Maximising quality and safety of care for people with heart failure

Sandra Dunbar

10:10 – 10:25 Hot Topic: Improving CRT responder rate

Andrew Flett

10:25 – 10:40 Hot Topic: Top tips for device implantation

Francisco Leyva

10:45 – 12:15 MDT Live: heart failure

Auditorium

Moderator: Andrew Clark

Case presentations: Louise Clayton, Paul Haydock, Jim Moore

Panellists: Chris Arden, Alison Duncan, Jerry Murphy, Jenny Welstand, Simon Williams

Panel discussion

Discussion of evidence/literature

Panel/audience interaction

Case conclusion

12:45 – 13:00 Hot Topic: Midlife hypertension and its treatment as a risk factor for cardiovascular disease

Arjun Kumar

13:00 – 13:15 Hot Topic: Prediction and prevention of heart failure in patients with hypertension

Kenneth Wong

13:15 – 13:30 Hot Topic: Developing psychological skills amongst cardiovascular practitioners

Angela Busuttil

13:45 – 14:45 Innovations in the management of cardiomyopathies

Charter 4

Chairs: Alexander Lyon/Perry Elliott

Peri-partum cardiomyopathy

Takotsubo syndrome

Sepsis-induced cardiomyopathy – an intensivist's view

Mark Petrie
Dana Dawson
Alain Rudiger

BANCC, BACPR, BSH Joint Affiliates Day

Developing models and practice to enhance prediction and prevention

13:45 – 15:15 Advanced practice roles

Exchange 8, 9, 10

Chairs: Joseph Mills/Jacqueline Hunt

The development of the extending roles of nurses and AHPs in cardiovascular care

Developing a new role: nurse sedation

The impact of non-medical prescribing

Advanced practice roles: a medical perspective

Panel discussion

Jill Riley
Stephen Furniss
Jacqueline Cliff
Andrew Clark
