

**British Cardiovascular Society Annual Conference 2017**  
**5 - 7 June 2017, Manchester Central, Manchester**

**Heart Failure-Related Sessions**

**MONDAY 5 JUNE**

**10:45 - 11:45 Innovations in Cardio-oncology**

Chairs: Dr Alexander Lyon, Dr John Paul Carpenter

*Cardiovascular toxicity of novel targeted molecular cancer drugs*

*New approaches to prevent anthracycline-induced cardiotoxicity*

*How to prevent and manage radiation-induced coronary disease*

Dr Stuart Rosen  
 Dr Chris Plummer  
 Dr Alison Ranger

**10:45 - 12:15 Acute cardiovascular care: quality solutions**

*Treatment of acute heart failure*

Dr Mary Norine Walsh

**13:45 - 15:15 Landmark Trials in Heart Failure - 30 years on from CONSENSUS**

Chairs: Prof Iain Squire, Dr Paul Kalra

*RAAS inhibition (to include ACEi/ARB/MRA)*

*Beta-blockers*

*Devices*

*ARNIs and future directions*

Prof Karl Swedberg  
 Prof Henry Dargie  
 Prof John Cleland  
 Prof John McMurray

**15:25 - 15:40 Hot Topic**

*Should coronary disease be sought in every patient with LV dysfunction?*

Prof Andrew Clark

**TUESDAY 6 JUNE**

**10:25 - 10:40 Hot Topic**

*What to do about acute heart failure*

Prof Andrew Clark

**11:00 - 11:15 Hot Topic**

*The role of the Ambulatory Heart Failure Clinic*

Dr Dargoi Satchi

**11:15 - 11:30 Hot Topic**

*Managing multimorbidity in the heart failure patient*

Dr Colin Cunnington

**11:30 - 11:45 Hot Topic**

*Takotsubo syndrome*

Dr Alexander Lyon

**11:30 - 11:45 Hot Topic**

*Increasing uptake of new heart failure drugs*

Dr Simon Williams

**11:45 - 12:00 Hot Topic**

*Diagnosis of myocarditis*

Dr Stephen Pettit

**14:00 - 14:15 Hot Topic**

*Rehabilitation for heart failure*

Dr Aynsley Cowie

**14:45 - 15:00 Hot Topic**

*Palliative care in heart failure*

Dr Stephen Oxberry

**15:40 - 15:55 Hot Topic**

*How closely should we look for clinical disease in patients with a family history of cardiomyopathy?*

Prof Sanjay Sharma

**16:00 - 17:30 Recent guidelines from the ESC; heart failure and prevention of cardiovascular disease**

*The ESC guidelines on heart failure; an update*

*ESC Guidelines on Heart Failure: The Good, The Bad and The Ugly*

Prof Frank Ruschitzka

Prof John Cleland

**WEDNESDAY 7 JUNE**

**08:30 - 10:00 Amyloidosis and the heart**

Chairs: Dr Simon Dubrey, Prof James Moon

*Introduction to cardiac amyloid: types and treatment options*

*Echo and CMR in cardiac amyloid and its mimics*

*Nuclear techniques in cardiac amyloid and its mimics*

*Integrated diagnostic pathways and service configurations in cardiac amyloid*

Dr Carol Whelan

Dr Marianna Fontana

Dr Leon Menezes

**10:45 - 12:15 Sarcoidosis and the heart**

Chairs: Dr Nicola Edwards, Dr Simon Dubrey

*Cardiac sarcoidosis: overview, pathogenesis, clinical manifestations*

*An approach to diagnosis and management of sarcoidosis*

*The role of cardiac MR (including case presentation)*

*The role of PET-CT (including case presentation)*

Prof Perry Elliott

Dr Rakesh Sharma

Dr Daniel Sado

Dr Kshama Wechalekar

**13:45 - 15:15 Heart failure crises**

Chairs: Prof Andrew Clark

*VT storm*

*Cardiogenic shock*

*Diuretic resistance*

Dr Derek Connelly

Dr Stephen Pettit

Dr Peter Cowburn
