

06 June 2018

Rt Hon Jeremy Hunt MP
Ministerial Correspondence and Public Enquiries Unit
Department of Health and Social Care
39 Victoria Street
London
SW1H 0EU

Dear Mr Hunt,

RE: National Shortage in Intravenous Furosemide Preparations

We write to you today to highlight an imminent potential major public health problem resulting from the ongoing national shortage of intravenous furosemide preparations.

Intravenous furosemide is the first line treatment for the management of patients admitted to hospital with decompensated chronic heart failure or new onset acute heart failure in order to manage the life-threatening signs and symptoms of acute fluid overload.¹ It is the only licensed intravenous loop diuretic on the market in the UK. In this context, the management of patients with an acute, life threatening condition is dependent upon availability of this medicine and its shortage increases the likelihood of, at best, longer hospital stay, and at worst, avoidable death.

Heart failure is the most malignant form of cardiovascular disease, which outcomes comparable to or worse than most common cancers.^{2,3} Even in the current era of improved management of this condition, in-patient mortality rates for acute heart failure in the NHS remain high at approximately 8.9%.⁴ There were approximately 81,500 heart failure admissions across England and Wales in 2015/16.⁴

There have been reports of supply problems with stocks of various strengths of intravenous furosemide for a number of months. These issues have worsened resulting in national advice that stocks of the most common strengths are depleted and hospitals should remove supplies from non-critical areas and import foreign preparations of intravenous furosemide or alternative non-UK licensed intravenous loop diuretics. Subsequently, there are now reports of foreign preparations also running out.

If this problem continues it will result in many patients coming to harm and ultimately patient deaths. The Board of the British Society for Heart Failure cannot emphasise in strong enough terms the acuteness of this issue.

CHAIR:

Dr Paul Kalra
Queen Alexandra Hospital
Cosham
Portsmouth, PO6 3LY
T: 02392 286000
E: paul.kalra@porthosp.nhs.uk

PAST-CHAIR:

Professor Iain Squire
Department of Cardiovascular Sciences
University of Leicester
Clinical Science Wing
Glenfield Hospital
Leicester, LE3 9QP
T: 0116 258 3021
E: is11@leicester.ac.uk

CHAIR-ELECT:

Dr Simon Williams
Wythenshawe Hospital
Southmoor Road
South Manchester, M23 9LT
T: 0161 291 4205
E: simon.williams@uhsm.nhs.uk

DEPUTY-CHAIR:

Professor Roy Gardner
Scottish National Advanced Heart
Failure Service
Golden Jubilee National Hospital
Agamemnon Street
Clydebank, Glasgow, G81 4DY
T: 0141 951 5861
E: rsgardner@doctors.org.uk

TREASURER:

Dr Peter Cowburn
Southampton General Hospital
Tremona Road
Southampton, SO16 6YD
T: 02381 205906
E: peter.cowburn@uhs.nhs.uk

COUNCILLORS:

Mrs Louise Clayton
University Hospitals of Leicester
NHS Trust
Leicester, LE3 9QP
T: 0116 250 2973
E: louise.clayton@uhl-tr.nhs.uk

Mrs Jayne Masters
University Hospital Southampton
NHS Foundation Trust
Tremona Road
Southampton, SO16 6YD
T: 02381 203140
E: jayne.masters@uhs.nhs.uk

Dr Stephen Pettit
Royal Papworth Hospital
Cambridge, CB23 3RE
T: 01480 830541
E: stephen.pettit@nhs.net

OBSERVERS TO THE BSH BOARD:

Dr Lisa Anderson (London)
Mrs Carys Barton (Hertfordshire)
Dr John Baxter (Sunderland)
Dr Jane Cannon (Glasgow)
Mr Paul Forsyth (Glasgow)
Dr Rosie Heath (Plymouth)
Dr Carol Whelan (London)

The incident needs immediate review and action from the Department of Health & Social Care in order to manage the situation. The Board of the British Society for Heart Failure is keen to liaise with the Department of Health & Social Care in order to coordinate any response. We look forward to your imminent response and help with this matter.

Yours sincerely,

Paul Kalra, Consultant Cardiologist and Chair of British Society of Heart Failure

Lisa Anderson, Consultant Cardiologist

Carys Barton, Specialist Heart Failure Nurse

John Baxter, Consultant Geriatrician with Specialist Interest in Heart Failure

Jane Cannon, Specialist Registrar Cardiology

Louise Clayton, Specialist Heart Failure Nurse

Peter Cowburn, Consultant Cardiologist

Paul Forsyth, Lead Pharmacist Clinical Cardiology

Roy Gardner, Professor of Cardiology

Rosie Heath, General Practitioner

Jayne Masters, Specialist Heart Failure Nurse

Stephen Pettit, Consultant Cardiologist

Iain Squire, Professor of Cardiovascular Medicine

Carol Whelan, Consultant Cardiologist

Simon Williams, Consultant Cardiologist
